

America, America.....This is my Country
By Laurie Cooper

**There is tension in the air....
Because the cost of living keeps going up and up.
We complain it is the government , the people, the President.
As I was listening to the radio today,
The song, “This is My Country” came on the air.
My mind wandered to the men who gave
Their lives for this country.
I suddenly felt I never have given of myself
For the freedom that I enjoy,
And yet as we pay for taxes
They are cheaper than the price those men gave...
They gave their life for us so we can all say,
“This is my Country, Land that I love.”**
